WHY MAZARS FOR INTERNATIONAL TAX?

Cross border business activity brings opportunity to your company, but also involves complex international tax rules which create both threat and opportunity. Our international tax team is committed to helping you to comply with international tax rules as well as creating tax saving opportunities for you. Our expert team, combines global knowledge and familiarity with local regulations, in order to advise you on fiscal legislation changes and develop strategies aligned with your business needs.

As we are a truly integrated organisation we share a common vision, common thinking, a common approach to customer service and a common quality approach no matter where we are. It also enables us to capitalise on past experience in each sector and share best practice on an international level.

Mazars' tax specialists focus on technical excellence and have hands-on experience. They are proactive, down-to-earth and non-dogmatic.

We understand that every client is unique and so offer to each client tailor made and inventive solutions.

A COMPLETE RANGE OF SERVICES

TAX ADVISORY SERVICES

Increased regulation and reporting obligations consume time which you could better use on developing your business. It can also create opportunities for reducing the tax burden and creating value in the business. Mazars' Tax Advisory Services can help you deal with the increasing risk to your company due to the changing tax environment, help you create value from tax planning opportunities, and help implement your organisational change in a tax efficient manner. We can also deliver tailor made advice in the field of structured finance, strategy on tax litigation, real estate transactions and, in relation to M & A assignments, advice on transactional tax, tax due diligence and the structuring of the resulting expanded group.

CORPORATE STRUCTURES

Advisers from different countries constantly monitor changes to the fiscal and business environment which can impact cross border transactions. This enables us to advise you on the tax attractions of investing in particular jurisdictions and the favoured ways of structuring investments.

TRANSFER PRICING

We advise clients on defence projects against tax audits, documentation requirements, diagnostic and long form reports and undertake comparative studies. We also advise on transfer pricing strategy, supply chain tax efficiency, implementation of new policies and post merger integration of transfer pricing policies, together with links with customs duties.

VAT & CUSTOMS

VAT is the sales and tax system applicable in all member states of the European Union and a number of other countries. Our experienced and specialist teams have comprehensive knowledge of this system which is also important for companies from outside Europe importing into Europe.

HIGH NET-WORTH INDIVIDUALS

We advise individual clients on international estate planning (inheritance and gift tax), transfer of enterprises, migration of individuals, divorce and marriage, and investments in art or foreign property. We also advise on vehicles which clients may use as part of their wealth management including companies, trusts and trust like entities and charities.

EXPATRIATES

The Mazars Expat Desk can provide international companies with a fully integrated advice on cross border employment. This might include tax and social security matters regarding international secondments, equalisation strategies, expat policies, salary splits, stock related remuneration schemes or international pension schemes.
